— Diluted EPS of \$4.27; Adjusted Diluted EPS¹ of \$4.33 —

— Comparable Sales increased 1.1% —

— Updates Full Year 2025 Outlook —

MOORESVILLE, N.C., Aug. 20, 2025 – Lowe's Companies, Inc. (NYSE: LOW) today reported net earnings of \$2.4 billion and diluted earnings per share (EPS) of \$4.27 for the quarter ended Aug. 1, 2025, compared to diluted EPS of \$4.17 in the second quarter of 2024. During the second quarter, the company recognized \$43 million pre-tax expenses associated with the acquisition of Artisan Design Group (ADG). This negatively impacted second quarter diluted EPS by \$0.06. Excluding these expenses, second quarter 2025 adjusted diluted EPS¹ increased 5.6% to \$4.33 compared to the prior-year adjusted diluted EPS¹.

Total sales for the quarter were \$24.0 billion, compared to \$23.6 billion in the prior-year quarter and comparable sales for the quarter increased 1.1%.

"This quarter, the company delivered positive comp sales driven by solid performance in both Pro and DIY. Despite challenging weather early in the quarter, our teams drove both sales growth and improved profitability. I'd also like to thank our front-line associates for their outstanding service which led to another increase in customer satisfaction scores," said Marvin R. Ellison, Lowe's chairman, president and CEO. "In June, we closed on the acquisition of ADG, which strengthens our ability to capture a greater portion of Pro planned spend and expands our reach into the new home construction market."

As of Aug. 1, 2025, Lowe's operated 1,753 stores representing 195.5 million square feet of retail selling space.

Capital Allocation

The company continues to execute a disciplined capital allocation program to deliver long-term, sustainable shareholder value. During the quarter, the company invested \$1.3 billion for the acquisition of ADG and paid \$645 million in dividends.

¹ Adjusted diluted earnings per share is a non-GAAP financial measure. Refer to the "Non-GAAP Financial Measures Reconciliation" section of this release for additional information, as well as reconciliations between the Company's GAAP and non-GAAP financial results.

Lowe's Business Outlook

The company's expectations for its core business performance in fiscal 2025 remains unchanged. The company is updating its outlook for the operating results of full year 2025 to reflect the inclusion of ADG.

Adjusted operating income, adjusted operating margin, and adjusted diluted EPS are non-GAAP financial measures that exclude the transaction costs, purchase accounting adjustments and intangible asset amortization related to the acquisition of ADG. The company does not provide a reconciliation for non-GAAP estimates on a forward-looking basis where it is unable to provide a meaningful or accurate calculation or estimation of reconciling items (which may be significant) without unreasonable effort.

--Positions Company for Long-Term Sustainable Sales Growth and Profit Expansion--

MOORESVILLE, N.C., August 20, 2025 – Lowe's Companies, Inc. ("Lowe's" or the "Company") (NYSE: LOW) today announced it has entered into a definitive agreement (the "Agreement") to acquire Foundation Building Materials ("FBM") for approximately \$8.8 billion.

FBM is a leading North American distributor of interior building products, including drywall, metal framing, ceiling systems, commercial doors and hardware, insulation and complementary products serving large residential and commercial professionals in both new construction and repair and remodel applications. Since 2011, FBM has grown organically and inorganically to become an industry leader, with a network of over 370 locations in the United States and Canada serving 40,000 Pro customers. In 2024, on a pro forma basis, FBM generated approximately \$6.5 billion in revenue and \$635 million in adjusted EBITDA². It generated approximately 25% and 30% CAGR for revenue and adjusted EBITDA, respectively, from 2019 to 2024.

FBM is expected to accelerate Lowe's Total Home strategy by enhancing its offering to Pro customers through expanded capabilities, faster fulfillment, improved digital tools, a robust trade credit platform, and significant cross-selling opportunities between FBM and Lowe's as well as the recently acquired Artisan Design Group. By combining these acquisitions with Lowe's existing offering, the Company will create a premier platform to better serve the large Pro, especially in planned spend.

"With this acquisition, we are advancing our multi-year transformation of the Pro offering," said Marvin R. Ellison, Lowe's chairman, president, and CEO. "It allows us to serve the large Pro planned spend within a \$250 billion total addressable market and aligns perfectly with our Total Home strategy. We're excited to welcome the FBM team and strengthen our solutions for our growing Pro customers."

Ruben Mendoza, FBM's president and CEO, added, "Joining Lowe's is an exciting next step. Since 2011, we've built a leading position in drywall, ceiling systems, and metal framing, with proven success integrating acquisitions. Together with Lowe's complementary products and incredible brand, we'll offer a more comprehensive solution for Pro customers and accelerate growth."

Ruben Mendoza and the senior leadership team will continue to lead FBM. The FBM team will collaborate closely with Lowe's to continue to provide outstanding service for their Pro customers.

Lowe's expects to finance the acquisition through a combination of short-term and long-term debt and intends to maintain its current credit ratings. The transaction is expected to close in the fourth quarter of 2025, subject to customary closing conditions, including regulatory approval.

The transaction is expected to be accretive to adjusted diluted earnings per share in the first full year, post-closing, excluding synergies.

Use of Non-GAAP information

We refer to certain non-GAAP financial measures in this press release, including pro forma Foundation Building Materials Adjusted earnings before interest, taxes, depreciation, and amortization, or "PF FBM adjusted EBITDA".

PF FBM adjusted EBITDA, a metric prepared by Foundation Building Materials, is calculated as operating income, presented on a pro forma basis to include the full year impact of Foundation Building Materials' recent acquisitions of REW Materials and Unified Door & Hardware Group, and adjusted for certain items made by Foundation Building

Materials in its discretion. These adjustments differ from the adjustments that Lowe's makes in calculating its non-GAAP financial measures.

PF FBM adjusted EBITDA has not been calculated in accordance with the rules governing pro forma calculations as set forth by the Securities and Exchange Commission and has not been audited. Quantitative reconciliations of Foundation Building Materials adjusted EBITDA cannot be provided as this metric has been calculated by Foundation Building Materials.

These non-GAAP financial measures should not be considered alternatives to, or more meaningful indicators of, Lowe's or Foundation Building Materials' financial measures as prepared in accordance with GAAP. Lowe's or Foundation Building Materials' methods of determining these non-GAAP financial measures may differ from the methods used by other companies and may not be comparable.

Material limitations associated with the use of such measures include that they do not reflect all period costs included in operating expenses and may not be comparable with similarly named financial measures of other companies. Furthermore, the calculations of these non-GAAP financial measures are based on subjective determinations of Foundation Building Materials regarding the nature and classification of events and circumstances that the investor may find material and view differently.
